

**** 12/2011: FRAUD ALERT NOTICE:** We have an alert on fraudulent cashier's checks. It appears that Peoples Community Bank has issued them but we have not. The signature on the check is a copy and the checks were issued using several fonts. We know that it is tied to a scam of trying to get people to cash checks for services to be rendered and forwarding the rest of the moneys back to the perpetrator. They are being sent all over the country and are coming to individuals by FEDEX. The check sequence numbers are in the 177000 series. Before accepting or cashing one of these possibly fraudulent cashier's checks, please call Peoples Community Bank in Montross to verify the legitimacy of the check in question at 1-800-493-8031. **
